LEICESTERSHIRE 15 DAY CAREER PROGRAMME FOR ASPIRING CARE PROFESSIONALS

Across Leicester & Leicestershire there are thousands of exciting social care jobs waiting to be discovered by talented people who have what it takes to change lives and shape the future of social care.

Care Professional roles come in a number of forms including; residential, domiciliary, supported living, extracare, day service or nursing.

With a Health & Social Care qualification and DBS certificate you can start a career in any of these areas.

A career as a Care Professional is one with significant scope for development and mass employment opportunities. There are around 1.5 million care workers across UK today, but UKCES said increasing demand will require an additional 500,000 workers by 2022.

CARE PROFESSIONAL TRAINING

You will be assigned a specialist CT Skills Tutor who will deliver 100% of the training online via a Virtual Learning Environment. This includes:

- **Level 1 Certificate in Introduction to Health & Social Care**
- **Level 1 Certificate in Personal Development**
- **CPD Covid Awareness in the Health Sector**
