

Becoming a Numeracy Champion

Busting Myths, Changing Mindsets & Driving Change

CPD
accredited

Let's talk about maths:
understanding mindsets to support
numeracy in the workplace

Many people are held back
by maths anxiety and low
confidence with numbers.

Join our CPD accredited
workshop which aims to
give you the knowledge and
understanding you need to
support staff who have low
confidence in numeracy.

The programme is not about
teaching maths, but focuses on
supporting learners who feel
anxious with numbers.

You don't have to be a maths
specialist – just a supportive
person to talk to about maths.

Online Programme Timetable

Session 1:

Numeracy: Culture, Maths Anxiety & Impact
An Attitudinal Approach: Value, Belief & Persistence

Session 2:

How to Implement a Numeracy Project Taking
Learning into Practice

These online workshops are delivered on Zoom and participants will be sent a link by National Numeracy.
